HAZARD

HEALTH & SAFETY

Gum, Mark and
Graffiti Remover
(MARK REMOVAL)

READY TO USE

Apply BioHygiene HSC to clean/remove surface debris. Work on a small area at a time. Spray neat over the affected area. For non vinyl floor such as tiles, concrete etc allow a three minute contact time and wipe the area with a cloth to remove the stain to complete the cleaning process and remove all black mark deposits. For vinyl floors allow 30 seconds contact time and use as above.

Do not get in eyes, on skin, or on clothing.

IF IN EYES

Rinse cautiously with water for several minutes. Remove contact lenses if present. Seek medical advice if irritation persists.

IF ON SKIN

Wash with soap and water.

Odour Stopper &
Stain Spotter

READY TO USE

For Odours: Spray liberally and directly onto organic based odours from human soils such as urine, vomit, sweat or on food based spills. No need to rinse. For Stain Spotting: Spray on to stain, allow contact time then blot area with a clean cloth, repeat as required.

PPE

Spray or direct away from the face.

In the event of prolonged use wear gloves.

Soft Fabric Cleaner

Apply neat over the affected area for pre-spotting Dilute 1:10 for general cleaning of soft furnishings and carpets etc.

Use a microfibre cloth to agitate gently and help lift the stain. No need to rinse.
